

ZEPHYR Skipper & Crew Liability

Dear fellow Sailor:

It has been the practice of SEAS Skippers to give every crewmember the opportunity to actively participate in sailing the boats. With this practice also came the responsibility to participate and equally share in the liability in the unlikely event of damage.

ZEPHYR is insured for damage with a deductible of \$500, damage liability to others with a deductible of \$1,000.

If you would rather not share liability in case of damage, you may indicate that you prefer to be strictly a passive passenger.

Skippers Name: _____ Date of sail or days of cruise: _____

I have read the above and I like to actively participate in sailing **HI SEAS**, with duties assigned by the Skipper. I am fully aware that in case of an accident, I would equally share with the Skipper and other active crew, in the expense of damage, if not covered by insurance.

or:

I prefer to be a passive passenger. I do not wish to participate in sailing **HI SEAS**, and therefore I will not share in any monetary liability.
